

OUR LADY OF GOOD COUNSEL SSS GAYAZA

PHYSICS HOLIDAY WORK

In a certain school, students were found having their meals from the laboratory, making a lot noise, playing while breaking most of instruments in the laboratory. The person found them got stuck on how to guide the learners in way they are supposed to conduct them selves in the laboratory.

Task. As a physics student write a a letter explaining clearly how students are supposed to conduct them selves in the laboratory and what guidelines they should follow.
